

Pole and Base Options

Radarsign offers a round aluminum or decorative black fluted aluminum pole for use with our radar speed signs. Our selection of pole bases includes square or octagonal aluminum bases, or a black decorative base for a more architectural look. All Radarsign pole bases have a breakaway design that meets FHWA crash test guidelines.

Pole Style	 Round Aluminum	 Round Aluminum	 Decorative Black Fluted Aluminum
Pole OD <i>(outside diameter)</i>	4.5"	4.5"	4"
Pole Length	Choice of 11 ft., 12 ft., 14 ft., 15 ft., or 16 ft.	Choice of 11 ft., 12 ft., 14 ft., 15 ft., or 16 ft.	12 ft.
Base Style	Square	Octagonal	Black Decorative
Base Anchor Method	Cement pad with concrete form kit	Cement pad with concrete form kit	2.5" x 2.5" sleeve in cement

Concrete Form Kit

The Concrete form kit, customized for our aluminum pole bases with round poles, makes installation easy. The kit includes a prefabricated concrete pole base form, four anchor bolts, a rebar base cap, and rebar. *(Not compatible with decorative black pole)*
