

***A secure, cellular-based tool for the remote management of your Radarsign systems***

- **Centrally Managed:** Control one to thousands of systems from any browser-based user interface.
- **Remote access via Cellular Modem:** Daily automated communication with radar speed sign or beacon system for updates and downloads. Ability to send instant change requests as needed.
- **Convenient:** Authorized users have instant access to the network anytime from anywhere, using a browser-enabled desktop, notebook, tablet or smartphone.
- **Easy Scheduling:** A full year schedule can be pre-programmed in advance.
- **Cost/Resource Effective:** Eliminates the need for resources to be deployed to the field to manage individual signs, saving time, fuel, and re-training costs.
- **Fast and Secure:** Utilizing cloud-based architecture, EZ Comm provides secure and reliable communication between the system server and network controller.
- **Automated Data Collection:** Every night, the EZ Comm system will upload traffic data to our cloud based host. The information can be downloaded to a PC or laptop for use with our Excel-based Streetsmart traffic data reporting program (separate license). Historical data is retained by our host system for a full 12 months for each radar speed sign. Raw individual vehicle records are also available for customizing your own reports.
- **Accurate:** GPS receiver in the network controller obtains its calendar time base from ultra-accurate atomic clocks, ensuring on-time system activation and allowing the entire system enterprise to be seen from a GPS map.
- **System Alerts:** Provides daily diagnosis of device health, battery levels, and notifies system if power drops too low or device fails to communicate with the host.
- **Peace of mind:** 2 year warranty on the cellular modem, radar speed signs, and flashing beacons.
- **Power Options:** AC or solar powered

### SIGN MANAGER:

GPS map of sign locations, groups of signs, and the ability to review and edit schedules from a single screen

Sign	Type	Location	Group	Status	Serial	Client		
#08 - 101566	Radar	8200 Roberts Dr (Southbound)	Davis Academy	enabled	101566	City of Sandy Springs	Schedule	Edit
#09 - 101567	Radar	7995 Roberts Dr (Northbound)	Davis Academy	enabled	101567	City of Sandy Springs	Schedule	Edit
#10 - 101575	Radar	Spalding Dr Eastbound, Hunters Branch Dr	Woodland Charter ES	enabled	101575	City of Sandy Springs	Schedule	Edit

### EVENT CALENDAR:

GPS map of group, with monthly schedule, and the ability to apply or remove schedules by the date, weekends only, weekdays only, or for the entire month.

May 2015
